

A Smart Hard Drive with  
**Lightning Speed.**

## AC601 **SHARE EASY** External Hard Drive

Apacer AC601 External Hard Drive features its lightning speed and various innovations, expectedly makes it the most sought-after external hard drive in current market. The AC601 comes with a Turbo HDD software and eSATA interface, hugely speeding up the transfer efficiency. Moreover, It is uniquely equipped with "One Touch" backup and advanced "anti-shock" function, simply, safely and effectively protecting user's important data. In addition, the AC601's exterior aluminum cover case is elegantly-proportioned, combining practicality and looks in one compact external hard drive. Apacer AC601 is available in 320GB and 500GB, giving users ample storage and appropriate selection.

Silver / Black

## Features

### High-Speed Transmission: Turbo HDD and eSATA

The Turbo HDD software can boost AC601's data transfer rates by up to 55%, it enhances time efficiency when transfers a large amount of data . The AC601 also has a built-in eSATA interface supporting high-speed transmission.

### Elegantly-Proportioned Design

Apacer new compact AC601 External Hard Drive is designed with both practicality and elegant looks. Beside its black or silver aluminum cover case, a black leather pouch is enclosed in the package that user can use for the protection while carrying. The elegantly-proportioned design of Apacer AC601 brings user a pleasure while using and looking.

### Anti-shock Design

In order to protect the HDD against falling or damage, the AC601 is designed with aluminum cover case, which protects HDD from outside damage, and the inside anti-shock materials absorb the shock. With these anti-shock design features, Apacer AC601 can resist falls from the height of 120cm, effectively protecting important data from any damage or loss.

### Smart Copy and Encryption

The One Touch Backup (OTB) feature allows users to simply press the backup button for efficient and easy backup of data, whether copying important images, music clips, or video files to the designated location. In addition, Secure Drive EX2 Lite software can partition the hard drive into separate zones: the Security Zone and the Public Zone. This unique function allows user to hide the private data, protecting privacy when sharing the external hard drive.

## Specifications

HDD Interface	2.5" SATA HDD
Capacity	0GB/320GB/500GB
Rotational Speed	5400 rpm
Cache	8MB
Device interface	USB 2.0 and eSATA
Device Interface Transfer Rate	USB interface : up to 480 Mbps      eSATA interface : up to 3GBps
Data Transfer Rate	USB interface: Read - up to 35 MB/s ; Write - up to 30 MB/s eSATA interface: Read - up to 92 MB/s ; Write - up to 87MB/s
LED	Light for power on; Blinking for data access
Bundled Software	PCClone EX Lite/TurboHDD/SecureDrive EX2 Lite Software (System support: Windows 2K/XP/Vista )
Power	USB powered
Operating System Supported	For USB 2.0 SATA Hard Drive      Windows 98(SE)/ME/2000/XP/Vista/7; Mac OS X 10.3 and above For Backup and Security Function      Windows 2K/XP/Vista/7
Certification	CE, FCC, BSMI
Dimensions / Weight	134*90*17.8 (L*W*H)/79g (Enclosure), 171g (with HDD)
Accessories	USB Y Cable, eSATA cable, Quick Start Guide, CD, Leather bag
